

## Scandal Hinted in Operations of State Police

LITTLE ROCK (AP) — Gov. Orval E. Faubus said Tuesday he is conducting a personal investigation into the possibility of scandal in the State Police Department.

"I've found out a lot in the past few days and what I heard I don't like," he said.

Some of the complaints probably were fabricated to settle grudges existing in the department, the governor said.

He said he had nothing specific to offer because "I'm trying to sift fact from rumor to see what the true situation is."

The Legislative Joint Audit Committee is examining the financial state of the State Police Department. Preliminary reports should be available in a few weeks, to be followed by a final audit in August.

The audit was begun at the request of Rep. Norman Wimpy of Craighead County, who was concerned over the cutback in State Police services. The department complained of a lack of funds.

Faubus recalled that he had tried to get the 1963 Arkansas Legislature to increase the driver license fee from \$2 to \$3 to raise additional funds for the department.

Wimpy demanded to know the reason for the cutbacks. He said the legislature had not been told the State Police revenues were insufficient to meet the needs.

State Police Director Herman Lindsey had a long, closed-door conference with Faubus late Monday, but what was discussed has not been made public.

The governor declined to say whether he had taken any State Police officials to task concerning the reports.

## Bethel Baptists Plan Revival

A four day revival will start at Bethel Baptist Church, northeast of Hope on Thursday, April 18. Song services will begin at 7:30 p.m. and the evangelistic messages will be at 8 o'clock nightly. The Rev. Johnnie Darr, pastor, will do the preaching. Music will be led by Ouachita students.

## Officer Cited for Failure to Report Sooner

PORTSMOUTH, N.H. (AP) — A Navy court of inquiry has cited Lt. Cmdr. Stanley W. Hecker, skipper of the submarine escort vessel Skylark, for what it called his failure to report the last messages from the ill-fated submarine Thresher "for an unreasonable length of time."

The court on Tuesday named Hecker, 36, of Brooklyn, N.Y., a party to its investigation of the loss of the Thresher with 129 men aboard. The five-member court then recessed and announced it would resume hearings after Hecker has obtained counsel and examined evidence given thus far. The Skylark was accompanying the nuclear submarine when it made its fatal dive.

The court said Hecker's conduct as the Skylark's commanding officer "appears to be subject to inquiry," but emphasized he is not blamed for the loss of the Thresher.

The submarine sank in 8,400 feet of water about 220 miles east of Cape Cod during a deep sea test dive last Wednesday.

Rear Adm. Lawson P. Ramage, deputy commander of the Atlantic Fleet submarine force and the initial commander of the search effort, testified Tuesday that he did not learn for a few days that Thresher had indicated the possibility of trouble.

Lt. (j.g.) James C. Watson, 43, Hecker's navigator on Skylark, testified before the inquiry board last Saturday that the last distinguishable message from Thresher to Skylark was: "Experiencing minor difficulty. Have positive up angle. Trying to blow."

"The court said 'trying to blow' meant Thresher was trying to clear its ballast tanks for surfacing,"

Vice Adm. Bernard L. Austin, president of the inquiry board, emphasized that no charges had been placed against Hecker and that he is in no way held responsible for the loss of the Thresher. Watson's testimony was considered by the court the most revealing thus far. He testified that the last sound he heard over the underwater telephone from the Thresher was "the sound of a ship breaking up."

In a taped radio interview in Washington, Adm. George W. Anderson, chief of naval operations, commenting on the testimony said:

"Very, very few people who are now manning our sonar equipment have ever heard the sound of a submarine breaking up."

Anderson also said, "The reason we have the court of inquiry is to develop all facts and all circumstances, many of which at the time might not have been considered of importance to the individuals concerned down the line."

WASHINGTON (AP) — The Civil Rights Commission has urged President Kennedy to crack down on Mississippi, possibly cutting off federal funds, unless the state acts promptly to protect the rights of its Negro citizens.

The commission, in a special report to the President, said Tuesday night that since last October "open and flagrant violation of constitutional guarantees in Mississippi has precipitated serious conflict. Each week brings fresh evidence of the danger of a complete breakdown of law and order."

In Palm Beach, Fla., aides said Kennedy had not received the report sent him by commission Chairman John A. Hannah and would have no comment.

The commission urged Kennedy to step up federal efforts "to suppress existing lawlessness" and study whether legislation was needed to prevent federal funds being paid out to a state which "continues to refuse to abide by the Constitution."

The special report also called on Kennedy to explore the legal authority he possesses as chief executive to withhold federal funds "until the state of Mississippi demonstrates its compliance with the Constitution and laws of the United States."

For several months, the commission has been exploring areas where federal pressure can be applied in Mississippi and reportedly has been unhappy that tough action hasn't been taken before now.

Staff Director Berl I. Bernhard is in Jackson, Miss., today for an open meeting of the state advisory committee after meeting informally with the committee Tuesday night.

The commission said it had more than 100 complaints since last October alleging denial of constitutional rights to Negroes.

"Citizens have been shot, set upon by vicious dogs, beaten and otherwise terrorized because they sought to vote. Students have been fired upon, ministers have been assaulted and the home of the vice chairman of the state advisory committee to this commission has been bombed," it added.

Meanwhile, the report said, "massive assistance to the economy of Mississippi has continued past the time when the state placed itself in direct defiance of the Constitution and federal court orders."

## Navigation on Red River Possibility

SHREVEPORT, La. (AP) — In the space age, it is not inconceivable that the Red River can be harnessed for navigation, Sen. Russell B. Long, D-La., told the final session Tuesday of the 38th annual convention of the Red River Valley Association.

Long told delegates from Louisiana, Arkansas, Texas and Oklahoma that he hopes to see the Senate pass a bill by 1965 to authorize a navigation project on the river.

Stabilization of the banks and construction of about eight locks were mentioned as primary steps. Long predicted that a feasibility study by Army Engineers will result in findings that expenditure for the costly project would be justified.

Maj. Gen. Ellsworth I. Davis, Army Engineer for the Lower Mississippi Valley Division, said the modern concept of such projects includes, in addition to navigation, flood control, water supply, hydroelectric power, irrigation, fish and wildlife, recreation, and land-resource improvement.

Rep. Owen Harris, D-Ark., said, "All we have to do is to remind ourselves that we have a job to do, that it is justified, and that it is feasible."

The association re-elected all officers, including C. A. Fairbanks of Pineville, as president.

## Self Help School May Be Largest

CONWAY, Ark. (AP) — The medical self-help course being taught in Forrest City junior and senior high schools is the largest now in progress in the nation, Civil Defense headquarters at Conway reports.

Some 2,500 students are taking the course at Forrest City. Some 5,000 persons already have completed the course in Arkansas, giving the state the highest percentage of participation in the United States.

**OFFICER SLAIN** — Little Rock, Patrolman Jerrel Vaughn, was shot four times at close range by one of two men stopped for questioning about a Little Rock shooting. Before dying, Vaughn emptied his pistol, hitting one of the men, James D. Walker of Reno, Nevada, several times. The second man, Russell F. Kumpke of Houston, Texas, was shot by another patrolman as he attempted to escape. At right, Sgt. Floyd Norwood examines revolvers found on Walker.

**SENTENCED** — Robert Mims, a Dallas oil man, was sentenced to 15 years in prison and a \$10,000 fine for seizing control of a chartered plane in flight over Stillwater, Okla., in January, 1962. Mims and his wife are shown outside the courtroom of Federal District Judge Luther Bohannon in Oklahoma City. Bohannon sentenced Mims.

## Faubus Picks Labor Chief as Secretary

LITTLE ROCK (AP) — Clarence R. Thornbrough, state Labor Commissioner, was named Tuesday as Gov. Orval E. Faubus' executive secretary, effective May 1.

Faubus announced the selection at a news conference, saying he picked Thornbrough several days ago.

The governor's present executive secretary, Arnold B. Sikes, will become postmaster on North Little Rock on April 27.

Thornbrough, 56, has been labor commissioner since 1955. He will be the fourth executive secretary to Faubus. Besides Sikes, the others were J. L. Bland, now administrator of the state Employment Security Division; and Rolf Fitch, now director of the state Alcoholic Beverage Commission.

Faubus said he will name a replacement to Thornbrough as Labor Commissioner at the 50th annual Labor Department Banquet in Little Rock on April 23.

Bill Laney, who also was appointed in 1955, is assistant Labor Commissioner.

Thornbrough's change in jobs will boost his salary from \$8,400 a year to \$9,000 a year. He is a native of Phillips, Okla., and has lived at Hot Springs and Little Rock.

# JFK to Get Report on General Increase by Major Steel Firms

## All Big Steel Companies Fall Into Line

By JACK LEFLER  
AP Business News Writer

NEW YORK (AP) — Selective steel price rises all but completed a sweep through the industry today.

The nation's seven largest producers had fallen into line, and after them tumbled a growing stream of large and small steel-makers.

Rounding out the top seven today were Bethlehem Steel Co., National Steel Corp., and Youngstown Sheet & Tube Co., second, fifth and seventh ranking firms.

Their announcements came less than 24 hours after the dam broke when U.S. Steel Corp., industry giant, posted markups after several days of hesitation.

NEW YORK (AP) — Eight companies which produce more than half of the nation's steel have pulled into line with selective steel price increases.

The spreading wave of boosts picked up momentum Tuesday when the giant of the industry, U.S. Steel Corp., joined.

Also raising prices were Jones & Laughlin Steel Corp., Armco Steel Corp. and Inland Steel Corp. A year ago Inland refused to go along with an attempted increase which collapsed.

Increases also have been ordered by Wheeling Steel Corp., Lukens Steel Co., Republic Steel Corp. and Pittsburgh Steel Co.

Still to be heard from was Bethlehem Steel Corp., ranked No. 2 among the producers.

Some industry sources gave the raises a good chance of sticking, in contrast to the effort a year ago, which fell apart under pressure from President Kennedy and failure of a solid front to develop.

As company after company announced boosts, Kennedy remained silent although he was reported keeping a close watch on the situation.

After Wheeling broke the price line the President indicated that selective increases would be acceptable but cautioned the industry and the Steelworkers Union against action which would lead to a general increase.

U.S. Steel's price raises were the lowest of those announced so far, averaging \$4.85 a ton.

"An improvement in prices is obligatory and we have concluded that an attempt to secure some price adjustment is warranted at this time in light of all the competitive factors," said U.S. Steel President Leslie B. Worthington.

"Steel costs less than almost anything you buy," he added.

Worthington said that with his company's changes, finished steel prices would stand at about the same level as at the end of 1958.

"Big Steel" and the other companies cited five rises in labor costs since 1958, when the last general steel price increase came.

"Earnings have dropped substantially, dividends have been reduced and employment has declined," Worthington said.

## Murder, Suicide Try Is Ruled

VAN BUREN, Ark. (AP) — Crawford County Coroner Ronnie Ocker ruled Tuesday that the death of an Alma man and the wounding of his wife was murder and attempted suicide.

James Bruce Bernard, 39, was shot in the mouth from a .22 caliber pistol. His wife, Geraldine, 45, was shot in the forehead. She was hospitalized at Van Buren in critical condition.

Albert Kinsey told Sheriff Tommy Wilbanks that he found the couple at his home at Alma about 8:15 p.m. Monday. Bernard was dead and his wife was sitting in a chair bleeding. Wilbanks said he was told by Kinsey.

Bernard had been raised at Kinsey's home, Wilbanks said.

## Tractor Fatal

LEPANTO, Ark. (AP) — Lester Lee Roach, 18, of Lepanto, was killed Tuesday when a tractor he was riding slid from a roadway during a rainstorm, overturned and pinned him beneath it.

## Trumann Gets 2nd Major Industry

TRUMANN, Ark. (AP) — A second major industry may come to Trumann, and the Chamber of Commerce announced Tuesday it is beginning a labor survey in connection with negotiations with a garment manufacturing firm.

The chamber said the company was well-known.

Representatives of the company and the Trumann Industrial Development Corp. completed plans for the survey at a meeting Tuesday. They said they would try to register women in Trumann and in towns within a 30-mile radius of Trumann. The plant would employ a large number of women, the chamber said.

Registration deadline is April 20.

The Poinsett Lumber and Manufacturing Co., a subsidiary of Singer Sewing Machine Co., employs between 1,000 and 1,400 persons at Trumann now and is the city's only major industry.

## Economists to Give President Officer Cited

PALM BEACH, Fla. (AP) — President Kennedy returns to Washington today and a special report on the steel price situation awaits him.

Shortly before Kennedy's scheduled 3 p.m. departure for the capital, after a six-day Easter holiday here, it was learned that the Council of Economic Advisors would report to him later in the day, in Washington, on increases in certain steel products.

The council has been studying the percentage of output affected by the higher prices and the percentage of the increases announced by major firms.

Kennedy is not expected to have any further public comment on the steel situation until Friday when he addresses the American Society of Newspaper Editors.

While it is not believed that Kennedy will deal with steel in his talk, he will hold a question-and-answer session afterward at which a steel query seems certain.

It was understood that Kennedy at this point does not plan to take a stiff position against the increases.

Kennedy said last week that he could not oppose selective price hikes geared to changes in supply and demand. But he said he would oppose any industry effort to impose an across-the-board price boost.

For the next week in Washington, Kennedy will be without the companionship of his family.

The First Lady and her two children, Caroline, 5, and John Jr., 2, will remain in this seaside resort city until April 24 when they will fly back to the White House.

During the final hours of his six-day holiday stay in Palm Beach, Kennedy kept in close touch with his Council of Economic Advisors in Washington, and with Secretary of the Treasury Douglas Dillon who is vacationing at nearby Hope Sound, Fla., on the steel industry's selective price increases.

A Soviet trawler carrying many antennas and other electronic gear steamed down the Florida coast Tuesday within sight of the Kennedy seaside home. It stayed just outside U.S. territorial waters.

## Goldwater Would Avoid Race Appeals

By JAC KBEILL

WASHINGTON (AP) — Sen. Barry Goldwater, R-Ariz., advised Republicans today to avoid "any sort of special appeal based on race or creed" in seeking voter support in next year's elections.

Goldwater, a spokesman for party conservatives, said the GOP ought to leave "emotional gimmicks and fantastic promises" to the Democrats.

Gov. Nelson A. Rockefeller of New York, regarded as a front runner for the 1964 Republican presidential nomination, and Sen. Jacob K. Javits, R-N.Y., have been booked as speakers for a Young Republican National Federation rally opening in New York City Friday.

Invited to speak on the program, Goldwater said in a letter to Leonard J. Nadasy, federation president, that he couldn't attend. But he offered some advice.

"It seems to me," he said, "that the whole subject of ethnic and minority groups and their relationships within our society have been talked to death."

"Cynical politicians are continually harping on the problems of minorities and offering glib solutions to them. The words they use refer to ending the divisions between our people. But, I'm convinced that the net effect of this talk is to divide the American people and to inflame, rather than solve, the very real problems of our racial and religious groups."

"The Republican party must seek the minority group vote in the only sensible and honorable way open to us. We must appeal to all racial and religious groups with well-reasoned arguments that do not insult them or their intelligence. We should avoid making any sort of special appeal based upon race or creed."

## Family Is Problem to Young Stars

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP)—Steve Lawrence is a popular singer, much in demand for television guest shots. Eydie Gorme is a popular singer, much in demand for television guest shots.

Steve and Eydie also are a married couple with two young children, a state of affairs which presents real problems in logistics and bookings for two young people who want to pursue two separate careers.

"Neither one of us wants to be identified just as half of a team," said Steve. "But there are problems when we play the night clubs."

The Lawrences have solved their career and family conflicts by a simple device: they appear as soloists on television; they sign as a team for night club appearances.

"Works out pretty well," said Steve with satisfaction. "We're away from home—New York City—about half the time, and then we take the children with us. We've found people in night clubs are happy to see us together because we don't very often appear together on television. When we go, it's like moving a small army—a nurse and all the paraphernalia for two small boys, aged 3 and 11 months."

Lawrence will be appearing solo next Tuesday on the Garry Moore Show. He'll also turn up a month hence on the Ed Sullivan Show. "Playing the clubs is great—Florida in the season, Las Vegas, the Copa in New York and a few other places—but actually it's a dying business," Lawrence said, adding that his current ambition is to gather more acting experience.

group opened the meeting singing Easter Bonnet and the Devotion was given by the hostess from John 4:16-21. The home makers Prayer was repeated in unison. The lesson was discussed "how tired you can get and recover." Roll call was answered with "a good deed you will never forget." Mrs. J. W. White read a health note. The club voted to buy an ad from the Hope Band Auxiliary. The surprise package was won by Mrs. Merlin Cox. The hostess served cake, coffee or cold drinks. The next meeting in May will be at the home of Mrs. Merlin Cox.

## Uses Humor in Talks on Economics

By JOY MILLER

AP Women's Editor

NEW YORK (AP)—"I still maintain," says Dr. Rosemary Park, "that an A on a Shakespeare paper is not the same as an A in egg omelet."

Dr. Park, who will be officially inaugurated as president of Barnard College April 22, is discussing one of the moths in her academic spectrum, home economics. Typically, she does it with wry humor. "I get the home economists after me, but I think I'm right. I'm not opposed to going into nutrition as a profession, but to think you can train 'em up scientifically to be artists to run a home—You can't run a home according to certain scientific principles."

Fortunately, there is no home economics for the 1,600 girls at Barnard, where Dr. Park quietly took up her duties last fall, succeeding Millicent C. McIntosh.

Dr. Park is a small woman with graying hair, a youthful, mobile face and blue eyes that look at you warmly.

She is no stern moralist; "I went to college in the '20s which

## Lion Changes Gasoline to Aid Motorist

HOPE, Ark., April 16 — Tailor-made gasolines to fit the performance requirements of each individual car, and designed to afford substantial savings to the motorist, will be available soon at Lion Oil service stations in this section, according to Carl Bramlett, distributor of Lion products in the Hope area.

Details of the unique new "octane-blending" pump, which dispenses five grades of fuel at five prices from one hose, were explained Monday night at a meeting for Lion distributors and dealer held at the Barlow Hotel in Hope.

W. D. Harris of El Dorado (Ark.), manager of Lion-brand sales, stated that "The average car owner can save up to three cents per gallon under the new blending system, because gasoline octane numbers beyond actual requirements of the motor are wasted."

The new dispensing-blending pumps were introduced at Lion stations in Mississippi in September of last year. A lengthy test of the new equipment was carried out by Lion at its headquarters in El Dorado prior to the decision to offer custom-made fuel throughout the company's Mid-South sales area.

Lion Oil is a part of the Hydrocarbons Division of Monsanto Chemical Company.

was supposed to be a wide open era. I'm afraid I can't get as excited as most about the state of girls' morals today."

As for educating girls, she believes in doing it on the same academic level as for boys. "Women have a more complicated role to play than a man does."

"It seems to me that when you've got society set up as it is, women are expected to take part in its economic life. I say to my girls: 'Most of you will gainfully employed at some point in your life, shouldn't you be prepared?' I tell them: 'You should be prepared as a dentist, for example, in case the gentleman you can stand doesn't come along. It's better to be trained as a dentist and never practice than to want desperately to be a dentist and not have the training.'"

# Aguirre Gets One of Rare Hits, It Wins

By JIM BECKER  
Associated Press Sports Writer

Even for a pitcher, Hank Aguirre of the Detroit Tigers is a lousy hitter. Most of the time he might as well leave his bat in the rack.

Last year was typical. Aguirre hit .027. He was up 75 times and struck out 46. Once he grounded into a doubleplay, which is pretty good for him.

He got two hits. One came off Hal Reniff of the New York Yankees, who was promptly sent to the minors.

Against the Yankees Tuesday, Aguirre got his first hit of the new season, and his ninth in nine years in the majors.

It went about 10 feet down the third base line, but it came with the bases loaded. Yankee third baseman Clete Boyer, apparently startled by this offensive display, picked the ball up and threw it away. Before the dust had settled three runs were home.

The Tigers went on to whip the Yankees 7-2 and move into a three-way tie for first place in the American League.

The Kansas City Athletics gained a share of the lead with the Tigers and Yankees by winning their fourth straight, 7-4 over the Chicago White Sox. All three teams have 4-2 records.

In other American League games, Cleveland shut out the Washington Senators 3-0 on Sam McDowell's two-hitter, the Boston Red Sox set back the Baltimore Orioles 6-1 and the Minnesota Twins won a weirdie from the Los Angeles Angels, 11-10 in 13 innings.

In the National League, the league-leading San Francisco Giants trounced the Houston Colts 7-0 as Billy Pierce won his 14th straight game without a loss in Candlestick Park. Warren Spahn shut out Philadelphia 8-0 for the Milwaukee Braves. St. Louis beat Pittsburgh 4-3. Cincinnati pinned the seventh straight loss on the

# Fishing Derby for Nevada, Hempstead

Here's big for the fishermen of Hempstead and Nevada counties. KXAR and the Hempstead County Wildlife Association is staging the biggest fishing derby ever held in southwest Arkansas.

The derby will be heard on KXAR at 6:30 a.m. and 5:30 p.m. daily, Monday through Saturday. Prizes given will amount to over \$850.00, including grand prizes of a 12' aluminum boat and a 3 1/2 H.P. motor as first prize, another 12' aluminum boat as second prize and a third prize yet to be selected.

There will be three weekly prizes given for large fish and the derby is so arranged that bass, crappie, and bream will take prizes. No one specie will compete against the other except for grand prizes and then only on a percentage basis of the weight of the entry to the Arkansas records.

So, no matter what specie of fish you go after, you have as much chance to win as the next fisherman.

The three weekly prizes will amount to about \$10.00 in merchandise on a bass from reports made and whether you enter a large fish in the derby or not you have a chance to win prizes in values of 50c to \$2.00 just for reporting your catch.

In addition to the prizes mentioned, prizes will be given for outdoor tips you turn in. These prizes are a marlin rifle, a Garcia Abu 505 spinning reel, a gladden tackle box and 16 outdoor cooking kits. No, we suggest you get your fishing tackle in order and visit your favorite fishing hole and then report your catch to one of the following sponsors so you will have a chance to win some of the \$850.00 in prizes. The reporting stations are: Barry's Quick Sack, Baker's Easy Pay store, Cobb's Radio and TV Sales and Service, Hope Hardware Company, Flow-

winless New York Mets, 7-4, and the Chicago Cubs edged the Los Angeles Dodgers 2-1 in 12 innings.

Gino Cimoli carried the big bat for the Athletics, with three RBI, and lefty Ted Bowsfield scored his first victory, with ninth-inning relief from John Wyatt.

McDowell, another of the bright young men on the Cleveland roster, pitched his first complete game in the majors, striking out 13. McDowell, a 20-year-old left-hander, was matched by Claude Osteen of the Senators until Woodie Held hit a leadoff homer in the seventh.

Dick Stuart made his Boston debut, and immediately made friends with the cozy left field wall. His three-run homer off Rob in Roberts in the sixth inning was the big blow behind Bill Monahan, who spun a five-hitter.

There were some strange goings-on at Minnesota, where the Angels and the Twins struggled for 4 hours and 47 minutes. The Angels used nine pitchers, the Twins eight, for a major league record of 17. There were nine errors, six by the Angels, and 33 hits.

Five times the Twins overcame Angel leads. Eli Grba, the ninth Angel hurler, walked home the winning run with the bases full in the 13th.

## Travelers Open With Home Victory

LITTLE ROCK (AP) — Billy Smith picked up where he left off last year and twirled a four-hitter for Arkansas as the Travelers set down Rochester 4-2 in the International League baseball opener in Little Rock Tuesday night.

A crowd of 6,699 saw veteran Lee Elia hammer a home run on the first pitch to him in the fifth inning to score Danny Cater and send the Travs into the lead for good.

In other games, Atlanta shaded Syracuse 2-1, Jacksonville edged Toronto 2-1 in 11 innings, Indianapolis whipped Buffalo 9-6 and Columbus beat Richmond 9-2.

Smith won seven straight games at the end of last season at Buffalo and chalked up his eighth triumph in a row, although his first of this season.

The game was the first desegregated baseball game at Little Rock and several hundred Negroes were among the crowd that watched Gov. Orval E. Faubus throw out the first ball. IL president Tommy Richardson was on hand for the ceremonies.

Outfielder Richie Allen, the first Negro to play for the Travelers, scored once on a sacrifice fly and whacked two doubles.

Opening night does not a season make, but the inaugurals may indicate that a lot of the reorganized circuit's strength resides in the southern division.

Teams forming the southern tier scored a sweep of the first set of games. Veterans played major roles as the oldest league in the minors began its 80th campaign.

Joe Morgan's pinch-hit single in the last of the ninth delivered pinch-runner Lou Vickery with Atlanta's winning run against Syracuse. Rookie Jeff Long, a highly regarded St. Louis farmhand, drove in the first Cracker run with a single, and his triple opened the ninth, the winning inning.

Jacksonville's veteran Tony Washington, who hadn't hit one out of the infield in four previous turns at bat, lashed a double in the 11th inning to give defending champion Jacksonville its narrow margin over Toronto. A ninth-inning home run by Buddy Barker enabled the Suns to get the lid-lifter into overtime. Old timer Steve Riddick went 10 innings for Toronto, hurled a four-hitter and struck out six batters, but his bad pitch to the slugging Barker eventually set the stage for reliever Russ Heman's defeat via Washington's clutch double.

Indianapolis, the other new IL entry, was an impressive as Little Rock. The Indians, 1962 American Association champions, cuffed six Buffalo pitchers for 11 hits, including a double and a triple by ex-major leaguer Harry (Suitease) Simpson. Buffalo veteran Ed Bouchee drove in four runs with three season officially opened at 12:1 singles.

Richmond led in attendance for the first set of openers with 7,452 paid. Atlanta had 7,266 paid, Jackson attracted 5,108 and Indianapolis had 4,939.

# Bobcats Find Themselves Outfigured

By CARTER HARDAGE  
Hope Star Sportswriter

A group of very determined Hope tracksters returned from a victory in a five-way meet at Stamps, or so they thought. It turned out that Stamps was a little more determined. No sooner had the team returned, than Coach John Pierce received an urgent phone call. They had decided that someone had blundered the addition, and Hope, who had previously been declared the winner by one half point dropped into a 47 1/2 second place, following Stamps with 50. Mistakes can happen.

There seems to be no controversy in the Junior division. Ashdown was first with 53. Hope was second with 38 1/2, and Stamps had 23 1/2.

Horton, Porterfield, Aldridge, and Wray set a new school record for Hope and a new record for the Stamps track in the 440 relay. They ran it in 4:55. Jackie Russell set a new mark for the 880 at 2:05.4. Johnny Samuels bettered the old 180 low hurdle record by making it in 21.8. Billy Aldridge made a fine show by tying the old record of 10.2 for the 100 yard dash.

In their class, Senior took first in the following events. 440 relay, Horton, Porterfield, Aldridge, and Wray, 4:55, new record; 100 yard dash, Aldridge, 10.2, tied record; second heat of 100 yard dash, Porterfield, 10.5; 880 relay, Aldridge, Porterfield, Horton, and Wray, 3:37.7; and mile relay, Samuels, Porterfield, Horton, and Wray, 3:37.7.

The Juniors won: 440 relay, Samuels, Watkins, Ball, and Par-due, 4:46; 880 relay, Samuels, Thompson Ball and Par-due, 1:43.5; 440, Aslin, 56.5; 2nd heat 440, Watkins, 59.6; mile relay, Samuels, Ball, Watkins, and Aslin 3:56.5.

The next meet is Friday, April 19. It will take place at Snack-over.

# Celtics Make Two Up on the Lakers

By BOB SALMON  
Associated Press Sports Writer

BOSTON (AP)—The apprehensive Boston Celtics took a commanding two-game lead mixed with foreign court doubts to Los Angeles today after beating the Lakers for the second straight time in the National Basketball Association's championship play-off series.

The third game of the best-of-seven series was set for tonight at the Los Angeles Sports Arena. Game No. 4 also will be played, there, Friday night, before the series returns to Boston Sunday night—1P.

But both opposing coaches—Freddie Schaus of the Lakers and Red Auerbach of the Celtics—felt sure the series would never be a four-game affair. Schaus says Los Angeles can tie it at home and Auerbach is afraid of that possibility.

"We can tie it up back home—I honestly feel that," said Schaus after the Celtics posted a 113-106 victory at Boston Garden Tuesday night. "We weren't had out there in the first two games but I knew we can play better. It was just a case of the Celtics playing a little better thus far in the series."

The Celtics overcame an early Los Angeles lead and had the advantage up to a dozen points before having to hold off a late Lakers rally. But though the visitors whittled it down to four points, the Celtics won going away.

Sam Jones and Tom Heinsohn paced Boston in the scoring department in the second game, getting 27 and 26 points, respectively. Elgin Baylor of the Lakers was the game's big scorer with 30 points, while teammate Jerry West had 28 and Dick Barnett scored 20.

# Plenty Balks as Giants Lick Houston

By MIKE RATHET  
Associated Press Sports Writer

Can you visualize a stopwatch hanging in Baseball's Hall of Fame?

It could happen. National League umpires are bellowing "balk" with such startling rapidity, they're advancing base runners quicker than the batters.

Seven balks were called in the National League Tuesday, bringing the over-all total for less than two weeks of the season to 30 balk calls in 32 games. For the same period of the 1962 season, there were only four. Not one balk has been called in the American League.

The scorecard showed five balk calls at San Francisco, where the Giants whipped Houston 7-0 behind Billy Pierce's six-hitter. Two were called at Pittsburgh as St. Louis edged the Pirates 4-3. The other teams escaped.

The Chicago Cubs handed the Los Angeles Dodgers their fourth setback in the last five games, 2-1 in 12 innings. Warren Spahn's four-hitter gave Milwaukee an 8-0 decision over Philadelphia and Cincinnati made it seven straight losses for the New York Mets 7-4.

In the American League, Detroit helted the New York Yankees 7-2, Kansas City downed the Chicago White Sox 7-4, Boston defeated Baltimore 6-1, Cleveland blanked Washington 3-0 and Minnesota nipped the Los Angeles Angels 11-10 in 13 innings.

Houston manager, Bob Craft, questioned the third balk call against Colt pitchers: The suggestion was not well taken, and Craft and Deal were thrown out in less time than it takes to call a balk.

Pierce, called for two balks, had a four-game affair. Schaus says Los Angeles can tie it at home and Auerbach is afraid of that possibility.

"We can tie it up back home—I honestly feel that," said Schaus after the Celtics posted a 113-106 victory at Boston Garden Tuesday night. "We weren't had out there in the first two games but I knew we can play better. It was just a case of the Celtics playing a little better thus far in the series."

fly by Ernie Banks. Banks accounted for Chicago's first run with a fifth inning homer. Lindy McDaniel was the winner in relief of Bob Buhl, who had a five-hit shutout working until the eighth when Willie Davis singled in a run.

Spahn won his 329th game and posted his 56th career shutout. Eddie Mathews supported the 41-year-old left-hander with his 400th major league homer. Spahn now is eighth on the all-time list in both victories and shutouts while Mathews' two-run shot made him the eighth player to reach the 400-circle. Cal McLish was the loser.

The Reds struck for five runs on five hits, including a key double by Gordy Coleman, in the fifth inning to take a lead they never lost against the Mets. Duke Snider, who collected his 2,000th hit in the second inning, hit a two-run homer as the Mets scored four runs in the sixth, but fell short. Jim Maloney was the winner with Jay Hook the loser.

## Search Continues for Missing Plane

**EL DORADO, Ark. (AP)**—The Civil Air Patrol was to resume today a search for a plane that disappeared during a flight April 6.

A green and white Mooney Mark 21 disappeared on a flight from Gainesville, Ga., to Terrell, Tex. The plane was piloted by H. W. Wilson of Gainesville. His wife said she had not heard from him. He was last heard from after refueling at Gadsden, Ala., and would have stopped at El Dorado.

Capt. R. L. Walker, squadron commander for the El Dorado wing of the CAP, said aircraft flew 17 search patterns Saturday in searching for the plane. The CAP has used eight planes in the search.

## A DEAD ENDING

**THE STORY:** Cornelius Ryan is trying to locate Mat Higby who has disappeared after his release by the police who questioned him concerning Dennis Hooper's murder.

**Chapter XV**  
"Keep your fingers crossed," Twining said, and hung up.

There was no one better to hunt for that particular needle in a haystack.

I had just put down the phone when we heard a kind of wild scratching and a fumbling at the front door. There was a stangled kind of sob, and then the door burst open, and Dawn Terrill came in.

She slammed the door shut, locked it and double locked it and put the chain on it. She leaned with her back against the door for a moment, her face chalk white, staring at Frances and me with those black glasses covering her saucer-sized brown eyes. I have seen real terror once or twice before in my life.

Then to my surprise and embarrassment she came into the room—not to Frances but to me. Her arms went around my neck and she began to shake with uncontrollable sobs.

"Easy," I heard myself saying gently.

Frances came up behind her, pulled her away from me, and gave her a stinging slap on the side of the face.

"Stop this nonsense, Dawn, an tell us what's the matter!" Frances said, her voice hard and angry.

The slap did its work. Dawn stood there, staring at us, but the sobs were gone.

"The man—the man—" she said.

"What man?" Frances demanded.

"The other man. The other man who was here yesterday."

"Hooper's friend?" I asked.

She nodded. She looked pretty much as she had the night before, except the dress was different—glasses, gloves, the shoulder-strap bag.

"Where did you see him?" Frances asked.

I won't try to tell the story in her own words. They were too disjointed, punctuated by little whimpers of fear. She'd gone over to Third Avenue to do the shopping for Frances. She started

walking back east toward the apartment house carrying a brown paper bag. She was in the home block but across the street from the building when a man came barging out of a barber shop, apparently in a hurry. He bumped into her hard and the paper bag broke, spilling oranges and eggs and coffee cans all over the sidewalk. Dawn heard him apologize and she bent down to pick things up. He started to help. Suddenly, sort of on their hands and knees, they looked up—

—inches apart—straight into each other's eyes. She recognized him. It was Pretty-boy No. 2.

Panic swept over her. She jumped up and ran—straight out into the street.

"Wait!" he shouted.

She heard the screech of car brakes. A taxi driver was shouting at her, but she didn't pay any attention. The taxi that had nearly run her down gave her a break. Pretty-boy had to move around it. She got to the apartment house door and she said she could almost feel his breath on the back of her neck. She screamed at the doorman.

"Richard! That man! Keep him away from me!"

She ran across the lobby to the elevator. She got just a glimpse of Pretty-boy as the door was closing. Richard, the doorman, was trying to block his way. Pretty-boy slugged him one in the stomach that doubled him over like a hairpin. He started toward the elevator but the door closed before he could reach it.

"You're sure it was the same guy who was here with Hooper?" "Yes!" It was a whisper.

"Perhaps now you can describe him."

"Dark — slim — well-dressed. No hat. Yesterday he was wearing a hat."

"You'd know him again?" "Anywhere!"

The doorbell began to ring. Instantly Dawn was back at me, hanging on for dear life. "He's here!" she cried out.

I managed to untangle myself and go to the door. I got it unlocked and opened it to the doorman, looking a little green around the gills, and a uniformed patrolman.

"Miss Terrill okay?" the door-

man asked.  
"A little scared, but okay, thanks to you," I said. "You got him?"

"Sorry, sir. He knocked me cold for a minute. By the time I could get on my feet again he was gone."

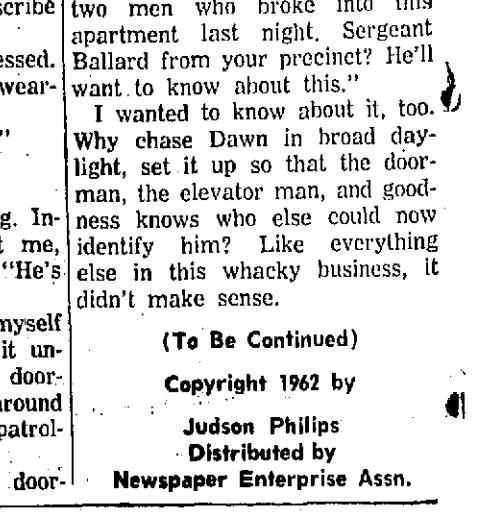

"Does Miss Terrill know who it was?" the patrolman asked.

"Not exactly. He's one of the two men who broke into this apartment last night, Sergeant Ballard from your precinct? He'll want to know about this."

I wanted to know about it, too. Why chase Dawn in broad daylight, set it up so that the doorman, the elevator man, and goodness knows who else could now identify him? Like everything else in this whacky business, it didn't make sense.

Paragraph 13: Distribution in towns receiving 25 or more copies in detail by counties, as well as the total only for towns receiving less than 25 copies daily.

Evening, December 11, 1962

The listing below gives gross distribution for one day only and is greater or less than the net paid average for the period covered by this report by the following percentages:

City Zone .....	0.62% greater
Retail Trading Zone .....	1.68% less
All Other .....	11.11% greater
<b>GRAND TOTAL .....</b>	<b>0.17% greater</b>

The "adjusted figures" of county totals appearing below have been arrived at by decreasing (or increasing) the listed county total figures by the appertaining percentages as above set forth. These adjusted county totals will, therefore, approximate the net paid average for the period covered by this report.

\*"Balance in County" is comprised of the distribution in towns receiving less than 25 copies which is not identified with the towns, townships or minor civil divisions listed.

AUDIT BUREAU OF CIRCULATIONS

End of Audit Report.

## WHAT IS ABC?

The Audit Bureau of Circulations, Chicago, by its own definition is: "A co-operative association of advertisers, advertising agencies and publishers for the verification of circulation of newspaper and periodical members in the United States and Canada."

It is controlled by those who buy advertising (manufacturing, merchandising and service companies, and their agencies) rather than those who sell advertising (newspapers and magazines).

## COST OF ADVERTISING

Pick up an invoice for newspaper advertising and you will find that you are billed for so many column-inches at so much per inch. That's how it is billed — **but that isn't how it is sold.**

The price of an inch of advertising is meaningless unless you know what the paper's circulation is. When you know that you know the cost.

**The cost of advertising is the cost per inch per thousand circulation.** That's the great yardstick by which advertising is bought and sold from coast to coast. The national advertisers call it "the milline" — the cost per line (1/14th of an inch) per million circulation.

Now you know why ABC audits are important. They verify circulation — the factor which is combined with the publisher's charge per inch to establish the advertising cost yardstick.

## IT'S CHEAP TODAY

Hope Star's local advertising costs about the same today as in 1929. The rate-per-inch is higher, it is true — but circulation also has increased. Here is the comparison:

	1929	1963
Local "open" rate per inch per thousand .....	20c	28.3c

And that's a performance we feel deserves a page advertisement all its own.
